Experience

Full Stack Projects

Bus Reservation System - https://github.com/kaazif/Bus-Reservation-System
Skills: Front – End (HTML, CSS, Bootstrap) | Back – End (Java {J2EE}), JDBC, Servlet) | Database: Oracle (SQL)

Student Management System - https://github.com/kaazif/Student-System#student-system
Skills: Front – End (React.js) | Back – End (Java {Springboot}) | API – (Postman) | Database: MySQL

User Credentials Registration - https://github.com/kaazif/User-Credentials
Skills: Front – End (React.js) | Back – End (Java {Springboot}) | API – (Postman) | Database: MySQL

JavaScript Projects - https://github.com/kaazif/Javascript-projects-part-one
BMI Convertor, English Dictionary, Notepad, Currency Convertor, Emoji Changer, Feedback UI, Joke Generator, Loan Calculator, Quotes generator, Temperature Convertor, Weight Convertor, Quiz app
Skills: HTML CSS JavaScript RestAPI
JavaScript Projects intermediate - https://github.com/kaazif/intermediate-JavaScript-Project
Mini – calendar, Quiz app, Timer, Notes – app, Recipe – app
Skills: HTML CSS JavaScript RestAPI

Front End Projects

Facebook Clone Front end - https://kaazif.github.io/facebook-Clone-front-end
Skills: HTML CSS JavaScript
Air BNB Clone Front end - https://kaazif.github.io/Airbnb---Front-End/
Skills: HTML CSS JavaScript
Netflix Clone Front end - https://kaazif.github.io/Netflix-Clone
Skills: HTML CSS JavaScript
YouTube Clone Front end - https://kaazif.github.io/YouTube-Clone
Skills: HTML CSS JavaScript
LinkedIn Clone Front end - https://kaazif.github.io/Linkedin-Clone
Skills: HTML CSS JavaScript
Chinese Noodles Front end - https://kaazif.github.io/chineese-noodeles/
Skills: HTML CSS JavaScript
E – Commerce   Front end - https://kaazif.github.io/E-commerce/
Skills: HTML CSS JavaScript

Java Projects

Library Management system – https://github.com/kaazif/Library-Management-System
Skills: core Java | GUI – Swing | Database – MySQL | IDE: NetBeans
Café Management system - https://github.com/kaazif/Cafe-Management-System
Skills: Core Java |GUI – JFrame | Database – MySQL | IDE: NetBeans
Pos System for small Business with Bill Printing - https://github.com/kaazif/small-business-with-Bill-Printing
Skills: Core Java |GUI – JFrame |IDE: NetBeans
Pos system - https://github.com/kaazif/pos-moderate-system
Skills: Core Java |GUI – JFrame |IDE: NetBeans
Airline Reservation System – https://github.com/kaazif/Airline
Skills: Core Java |GUI – JFrame | Database – MySQL | IDE: NetBeans
Registration for Students System - https://github.com/kaazif/Registration-
Skills: Core Java |GUI – JFrame | Database – MySQL | IDE: NetBeans
Mini Restaurant System - https://github.com/kaazif/Restaurant
Skills: Core Java |GUI – JFrame | Database – MySQL | IDE: NetBeans
inventory management system – https://github.com/kaazif/Book-system-inventory-management-system
Skills: Core Java |GUI – JFrame | Database – MySQL | IDE: NetBeans

Education

Bachelor of Science in Software Engineering**, Aug 2022**   **Kingston University**

BTEC HND in Software Engineering**, Sep 2020**   **Pearson**
